

AQUALEX – Service technician

FUNCTION

For our customers, you are a real water wizard. Because you make delicious sparkling water flow from their tap and relieve them of bottled water. You install a new water cooler in a company. Then you will carry out maintenance in a care centre, repair the water columns in a school and install a multifunctional designer tap at a household.

- You will install, maintain, clean and repair water coolers and multifunctional design taps.
- You deliver goods to our customers, such as CO2.
- You are happy to communicate smoothly with the client about the work carried out.
- You complete customer files in the AQUALEX application and improve them where necessary.
- You report any defects.
- You will help to set up trade fairs.
